Sustainable Development Goals

Why should enrolled nurses care about the SDGs?

- 1. Nurses care for others
- 2. It is the right thing to do
- 3. Change is possible
- 4. It is our health

"Our role as nurses is to take the language of the SDGs and translate it to the language of each countries national priorities as set by government and make explicit links to their published policies"

New Zealand Health Strategy

All New Zealanders live well, stay well, get well, in a system that is people-powered, provides services closer to home, is designed for value and high performance, and works as one team in a smart system.

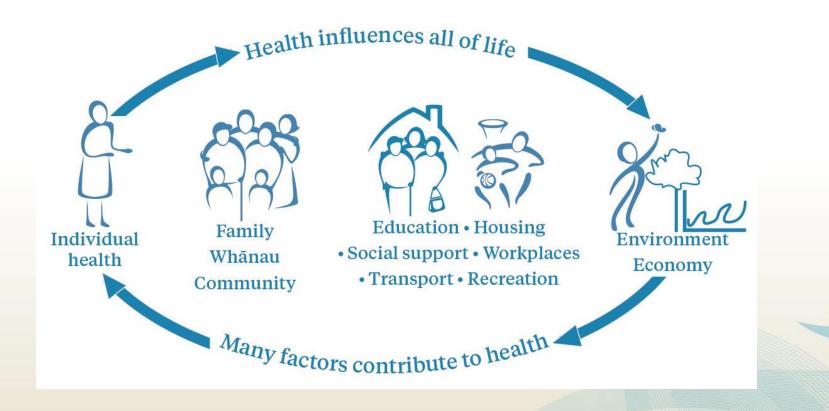

The five themes of the New Zealand Health Strategy

Activity in relation to the strategic priorities will focus on the **strategic themes** of the New Zealand Health Strategy.
